RED WING NURSERY

E. R. SUNDQUIST, OWNER

1 Mile West on Highway 61

RED WING, MINN.

A complete list of hardy nursery
stock including fruit trees, small
fruits, berries, trees, evergreens,
shrubs, perennials, roses
and bulbs.

MAIL ORDERS

We offer a prompt and satisfying mail order service. You are assured of complete satisfaction in our selection of first quality nursery stock to fill your order.

TERMS: Prices quoted are for cash with order.

GUARANTEE

The Red Wing Nursery will replace at one-half the retail price any tree, evergreen, shrub, vine or perennial that fails to grow the first season. We guarantee that all plants will arrive in perfect growing condition. Claims for poor condition on arrival must be made within ten days of receipt of plants. Notification of losses must be made by September 1st of that season.

We will replace free, on proper proof, any Nursery stock that proves untrue to name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

SHADE TREES

For Best Results

Plant shade trees early in the spring or late in the fall. We do not recommend transplanting any tree or shrub on which the foliage has appeared.

ASH—A tall growing tree, valuable for lawn, boulevard or wood-lot.

4-5 ft.....	\$.75
5-6 ft.	1.00
6-8 ft.	1.25
8-10 ft.	1.75

Larger sizes from \$2.50 to \$5.00

BIRCH — Popular white barked ornamental tree.

5-6 ft.	\$1.50
6-8 ft.	1.85

Weeping or Cut-Leafed

5-6 ft.	\$3.50
6-8 ft.	4.75

BUCKEYE OR HORSECHESTNUT

One of the finest ornamental and shade trees. Slow growing, beautiful foliage and creamy white flowers in June.

4-5 ft.	\$1.75
5-6 ft.	2.25

CRABS — Flowering

Bechtels

Small tree. Large double pink flowers. Do not plant near Red Cedars.

4-5 ft.	\$1.75
5-6 ft.	2.25

Dolgo

Medium sized tree. Large white blossoms, good sized scarlet red fruit, finest jelly crab. Highly ornamental.

5-6 ft.	\$1.75
--------------	--------

Hopa

Medium sized tree, covered with rose-pink flowers in spring.

5-6 ft.	\$1.75
--------------	--------

ELM—Long lived, large tree. One of the best shade trees.

American

5-6 ft.	\$.75
6-8 ft.	1.25
8-10 ft.	1.75

Larger sizes from \$2.25 to \$10.00

3-4 ft.75

TAMARIX HISPIDA

Feathery silver foliage, pink blossoms that blend to foliage. A beautiful shrub.

2-3 ft.\$.75
3-4 ft. 1.00

VIBURNUMS—One of the best groups of hardy shrubs. Arrowwood and Cranberry belong in this group.

Downy Viburnum

A low bushy type of Arrowwood.

18-24"\$.50
2-3 ft.75

Nannyberry

Tall, very upright growing, glossy foliage.

2-3 ft.\$.60
3-4 ft.90

Snowball

Popular shrub, creamy balls of flowers in May.

2-3 ft.\$.75

Wayfaring Tree

Thick leathery foliage, bright scarlet fruit turning to black.

2-3 ft.\$.75

WEIGELA ROSEA

Showy pink flowers in June. Plant in protected spots.

2-3 ft.\$.75

ROSES

New Patented Roses

AMERICAN FLAGSHIP

\$1.50

Attractive urn-shaped buds open to high-centered, well-formed double flowers of velvet-textured crimson red, deeply shaded with rich ox-blood tones. Holds color in sun, does not blue, free bloomer, attractive foliage, black-spot resistant.

MIRANDY

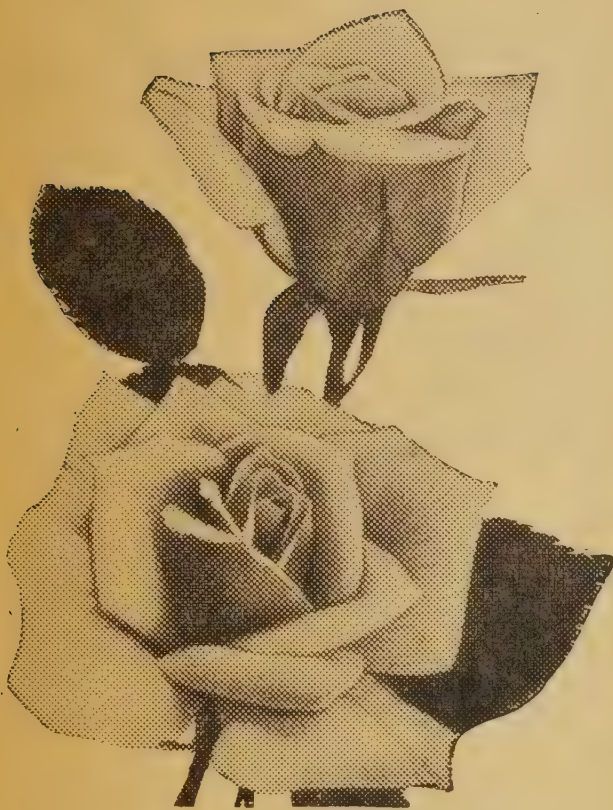

\$2.00 each

First place winner of all-America rose competition for 1945. A strong free-branching plant producing large, long pointed ovoid buds of rich dark red with black shadings, opening to chrysanthemum red. The long-lasting flower of 50 petals displays new beauties of form and is marvelously fragrant.

RUBAIYAT

\$2.00 each

Tall, free blooming plant produces an abundance of long, pointed, attractive buds on strong upright stems that slowly open into a very large bloom of rose-red to crimson color in the heart of the half-open flower, accentuated by the reverse of the petals which are several shades lighter. A.A.R.S. award for 1947.

Hardy Roses

Grown in our nursery fields
at Red Wing.

Strong plants on multi-flora roots.

F. J. GROOTENDORST — Bright red clusters of roses. Blooms all summer.

No. 1\$1.25

HANSA—Large red roses, profuse bloomer. Very hardy.

No. 1\$1.00

AGNES — Pleasing double yellow flowers.

No. 1\$1.10

TEA ROSES

We have been fortunate in securing a good selection of large No. 1 Hybrid Tea Roses. The supply is not large, so order early.

\$1.15 each; 3 for \$3.25

Ami Quinard — Velvety crimson-maroon. Vigorous and profuse.

Autumn—Double blooms of orange, yellow and red. Very good.

Dame Edith Helen — Excellent shape, glowing pink, double.

Edith Nellie Perkins — Pointed buds, rich orange outside, salmon pink inside.

Editor McFarland—Brilliant pink, double.

Gloriana—A rose that retains its remarkable color in the hottest weather. Yellow, deepening to copper.

Picture — Velvety clear rose-pink with undertones of salmon. Very double.

Poinsetta—Large double open flowers of bright unfading scarlet. Prolific.

Souv. de Claudius Pernet — Long buds opening to large rich yellow flowers.

Grus en Teplitz—Hybrid perpetual. Clusters of dark red flowers.

Condesa de Sastago—Deep coppery pink inside, golden yellow reverse, prolific.

CLIMBING ROSES

EXCELSA — Small red and pink flowers.

No. 1\$.75

SEVEN SISTERS — Clusters of double pink roses.

No. 1\$.75

PAUL'S SCARLET — Best red climbing rose. Quite hardy, but should be protected for winter.

No. 1\$1.00

Vines

BITTERSWEET — Hardy climber, covered with bright orange berries in fall.

2 yr. No. 1\$.50

CLEMATIS

Potted plants\$1.00

Jackmanni—Hardest and most free blooming. Large purple flowers.

Mme. Andre—Large red flowers.

Henryi—Very large white flowers.

Ramona—Beautiful light blue.

Texensis—Bell shaped scarlet flowers.

IVY

Boston — Fine vines and foliage. Will cling to any surface.

2 yr. No. 1\$.75

Engleman—Fast growing vine, brilliant fall colors.

2 yr. No. 1\$.60

Trumpet Vine — Fast growing, large orange-red trumpets.

2 yr. No. 1\$.75

PERENNIALS

Strong two-year plants

ACQUILEGIA—Columbine\$.35

Mrs. Scott Eliot Hybrids—The best of the long spurred types. Mixed colors.

ASTERS—Hardy\$.35

Barr's Pink—Tall with lavender pink flowers.

Beechwood Challenger—Medium grower, red flowers.

Blue Climax—Clear blue.

Harrington's Pink (true pink) .50

BABY BREATH

Bristol Fairy—The best large double, pure white.

2 yr., field grown\$.75

BLEEDING HEART\$.65

Old fashioned—Early spring flower, very showy.

Potted plants that will bloom this year\$.35

Dubonet—Wine red.

BUTTERFLY BUSH

(Buddleia)\$.35

Potted plants that will bloom this year. Fragrant tall spikes, beautiful cut flowers. July, August.

Dubonnet—Wine red.

Charming—Pink.

Red Glory—Red.

Royal Blue—Blue.

CAMPANULA

2 yr. clumps\$.35

Carpatica, Harebells—Low border perennial, very hardy, bluebell flowers on 9" stems. Blooms all summer.

CENTUREA—

Perennial Bachelor Button \$.35
Blue thistle-like flowers all summer.

CORAL BELLS\$.35

Dwarf plants, red bell flowers on long stems above pleasing foliage.

COREOPSIS\$.25

Hardy yellow daisy-like flowers.

CHRYSANTHEMUMS are a specialty with us. We grow varieties that will bloom early enough to make a real showing in this area.

40c each — 6 for \$2.00

Algonquin—Large double yellow flowers, good for cutting, frost resistant.

Avalanche—Large white for cutting.

Clara Curtis—Single pink, strong grower.

Cushion Mums, Pink—Low mounds of double blended pink flowers.

Cushion Mums, Red—Red type of above, later blooming.

Dean Kay—Double rose-pink blossoms, good.

Manantico—Single early flowering deep rose flowers, medium grower.

White Gull—Double button type flower. White, tinged pink when first open.

MINNESOTA VARIETIES:

Chippewa—Best maroon purple, for cutting.

Butterball—Medium growing, deep golden yellow flowers, double, excellent for cut flowers.

PERENNIALS

continued

MINNESOTA MUMS (continued)

- Duluth** — Double yellow flowers, low growing.
- Glacier** — Medium grower, best double white.
- Harmony** — Cushion type, flowers open red, changing to pink, yellow and white.
- Red Gold** — Medium grower, popular orange-bronze color, very good.
- Snowball** — Early blooming double white, tinged lemon yellow.
- Sunred** — Popular single large Brazil red with yellow center. Very good for cutting.

DELPHINIUMS

- Pacific Hybrids** (mixed) 50c each
Large flowered type, all shades of purple and blue to white.

GAILARDIA\$.35
Popular blanket flower. Yellow, orange and red.

HIBISCUS — Mallow, 1 yr.\$.20
Grows 3 to 4 ft. tall, enormous red flowers.

IRIS — 24 varieties. Recommended for planting in August. See them in bloom this spring at nursery.

20c each — 3 for 50c

Some new types at 75c and \$1.25.

LYTHRUM — Mordens\$.50
Rose pink spikes, blooms all summer, hardy.

PEONY — 18 choice varieties, chosen for quality. (Plant in fall.) See them in bloom at nursery in early June.

50c to \$1.50

Mixed colors, popular red or pink daisies.

SHASTA DAISY\$.35

Alaska, hardiest white, large growers. King Edward, very large flowers.

VIOLAS\$.20

Small pansy-like flowers in many colors.

FRUIT TREES

Two year trees, sturdy and well branched

Apples

5 to 7 ft. \$1.75

10 for \$15.00

4 to 5 ft. \$1.50

10 for \$13.00

Anoka—Bears very young. Cooking apple. Early fall apple.

Beacon—Red apple of good quality. Duchess type. Ripens later than Duchess.

Chestnut Crab—Fine large crab, excellent for jelly, pickling and eating.

Delicious-Red—High quality dessert apple. Not dependable for hardiness unless top-worked.

Delicious-Golden—Highest quality, yields very heavy. Fairly dependable for hardiness.

Dolgo Crab—Highly ornamental. Fruit of highest quality for jelly.

Duchess—Early fall apple. A favorite for sauce and canning.

Fireside—Highest quality dessert apple. Equal to Red Delicious as an eating apple. Good grower, bears young.

Haralson—Excellent quality for cooking and eating. Bears enormous crops of good keeping red apples.

McIntosh—Fall apple with unusual spicy flavor. Keeps until Christmas.

Melba—Early apple with McIntosh flavor. Blight resistant, high quality.

Minjon—Late fall apple of the Jonathan type. Bears large crops on young trees.

Northwest Greening—The old favorite pie apple. Good keeper.

Prairie Spy—Winter apple. Rapidly becoming a favorite for cooking and eating.

Red Well—New late fall apple of exceptional high quality. Trees bear young and annually. Fruit has flavor of Wealthy but later and better keeper.

Wealthy—Popular fall variety. Good quality.

Victory—A late fall McIntosh. Better keeper and hangs on tree until picked.

Whitney Crab—The old favorite sweet crab.

Yellow Transparent—Earliest summer apple for cooking.

Pears

5 to 6 ft. — \$2.00

Parker—Excellent quality for eating or canning. Golden yellow fruit with red blush. Hardy in this area.

Patton—A good companion pear to Parker. Fruit about the same quality.

Seckel—A high quality pear, smaller than Parker or Patton. Highly recommended by those who have grown them.

Plums

5 to 7 ft. \$1.90

4 to 5 ft. \$1.65

Successful plum production depends on adequate cross pollination. Be sure to include one or more recognized pollinating varieties in your planting. The following varieties are pollinators for the list below and bear fruit of good quality:

Goff Surprise Toka

Ember — Large reddish yellow plum, very high quality.

Kahinta — A very large hybrid plum that retains much of the old American plum flavor.

Red Coat—A Minnesota origination of very high quality. Recommended as one of the best.

Superior — Very large fruit with unusual flavor.

Underwood — The favorite early plum. Tops in quality.

Waneta—Similar to Underwood in quality and flavor. Ripens later.

CHERRY PLUMS

4 to 5 ft. \$1.65

Compass—Excellent for jelly and preserves.

Oka—Very productive dwarf trees. Fruit is dark purple and delicious.

Opata—Very productive, fruit dark purple with green flesh.

Sapa—Enormous crops of deep red fleshed cherries, excellent for jam or canning.

CHERRIES

HANSEN BUSH CHERRY—A very ornamental shrub with bluish green foliage. Fruit is black, useful for jelly.

18-24"\$.60

NANKING CHERRY (Prunus Tomentosa)—Another beautiful shrub producing small red cherries. Good for pies, preserves or jam.

2-3 ft.\$1.35

No garden is complete without these easy to grow spring appetite pleasers.

ASPARAGUS

2 year plants. 5c each.

Washington — Heavy yielder, rust resistant.

Paradise—New fast maturing, rust resistant.

RHUBARB

65c each — 3 for \$1.75

We offer two varieties of the new sweeter red Rhubarbs.

McDonald — Heavy yielder, seedless.

Ruby — Finer stalks, red clear through.

FRESH BERRIES

from your own garden is one of the greatest pleasures man can have. A small planting this year will give you an abundance of delicious fruit the following season. Plant in April or May for best results.

STRAWBERRY PLANTS (Fresh Dug)

Beaver — Large berries, heavy yielding, good quality. Will do well on light soils.

Senator Dunlop—The old standby for dependable yields of real sweet berries.

Premier — Large pointed berries, ripening early, very heavy producers. Recommended for commercial and home gardens.

25 for 60c 100 for \$2.25

By mail, add 15c per 100.

Discount on orders of 500 or more.

STRAWBERRY PLANTS Everbearing

Plant this spring — have berries this fall.

Evermore, Minn. No. 1166 — Free running with large dark red berries, very sweet and flavorful.
\$3.50 per 100

Gem — Bright scarlet fruit, good quality and producers.
\$3.00 per 100

RASPBERRIES

Indian Summer—Two crops in one season. Berries are large and good quality.

\$11 per 100

Latham — The most popular red raspberry. Large berries. Unsurpassed for home garden or commercial plantings.

Sunrise — Medium sized fruit of high quality. Early ripening and very productive.

\$10 per 100

GRAPE VINES

All two year No. 1. With the exception of Beta, the following varieties should be protected for winter. Fredonia and Moore's Early have proven themselves quite hardy in this district but should be covered for the first and second winters.

Beta — Hardy, heavy producer of rather small grapes, good for juice and jelly.

Concord—Popular large blue grape of very high quality.

Caco—Large red grape.

Fredonia—Large blue grape, bears young and heavily, very good quality.

Moore's Early—Large black grape, early, juicy and sweet.

50c each — 3 for \$1.35

CURRANTS

(2 yr., No. 1)

Perfection — Heavy producer of large red clusters of fruit.

Red Lake—Very large berries in long well filled bunches. Highest quality.

65c each 3 for \$1.75

GOOSEBERRIES

(2 year, No. 1)

75c each — 3 for \$2.00

Downing—Pale green fruit, highest quality.

Carrie — Purplish red when ripe. Very good.

Pixwell—New, easy picking. High quality.

Named Varieties

SANI-SOIL

The perfect mulch and soil conditioner. A fluffy material made from the bark of the Redwood Tree. Ideal for maintaining proper moisture conditions in any soil.

25 lb. bag — \$1.45

TIPS ON DISTANCES TO PLANT

Number Per Acre for Small and Large Fruits, Asparagus, Etc.

DISTANCES FOR PLANTING SQUARE METHOD

Distances for planting different kinds of fruit trees, etc., square method:

Standard Apple—35 feet apart orchard.

Standard Apple—25 feet apart yard planting.

Standard Pear—25 feet apart each way.

Plum—20 feet apart each way.

Grape Vines—Rows 8 feet apart, 8 feet apart in row.

Currants and Gooseberries—Rows 4 feet apart, 4 feet apart in row.

Black Raspberries—Garden culture, 5x2 feet.

Black Raspberries—Field culture, 7x4 ft.

Red Raspberries—Garden culture, 5x2 ft.

Red Raspberries—Field culture, 7x3 ft.

Strawberries, Field Culture—Rows 4 or 5 feet apart, 1½ feet apart in row.

Strawberries, Garden Culture—Rows 2 feet apart, 1 foot apart in row.

Asparagus, in Field—Rows 4 feet apart, 1½ feet apart in row.

Asparagus, in Beds—Rows 1½ feet apart, 1 foot apart in row.

RULES FOR OTHER DISTANCES

Multiply the distance in feet between the rows by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of square feet in an acre (43,560), will give the number of plants or trees to an acre.
